* Available for 2 channel system only

Our new Model 100 single camera system is America's most affordable bus camera system with solid state reliability, easy to use SMC data recording cards and a 2 year factory warranty for just \$875 complete.

The Model 200 two camera system is just \$265 more and you can add GPS for just \$85 additional. The best system money can buy for just \$1,225 gives you front to rear and rear to front recording plus GPS tracking. You'll have improved administrative control and litigation avoidance evidence with travel records of speed and stops.

Eagleye is the preferred choice by many Alabama law enforcement agencies including the Double Springs PD and the Limestone County Sheriff's Department as well as the Jefferson County Board of Education.
