

Navman EZ-Trak Vehicle Administration System

EZ-Trak doesn't cost – It pays!
Reduce idling time for big fuel
savings!

from Falcon Direct, Inc.

Save fuel – Improve patrol efficiency – Reduce litigation

Our new EZ-Trak system is a great administrative tool that helps you enforce a *no idle* policy!

Purchase the entire system with five years of service for just \$2,600. Pays for itself with fuel savings in less than 3 years, then reduces fuel cost by \$730 per year!

Monitor vehicle activity from any Internet connected PC. You'll know who was where, how long they were there, how fast they drove in getting there and whether they were making their rounds.

Monitor prisoner transport. Daily reports are simple and easy to read. Monitor one car or a hundred cars from office or home.

EZ-Trak is easy to use. Prove it for yourself by going to www.navmansystems.com and following the instructions to locate your vehicle 24/7.
