

# HEAR System Frequencies

As of January 1, 2013, the Very High Frequency (VHF) for communications between air ambulances and ground crews will move to **155.3475**. This change was made due to the high volume of traffic on the previous frequency.

The OEMS and Center for Emergency Preparedness have collaborated in the upgrade of the **Hospital Emergency Administrative Radio (HEAR)** system in all medical direction facilities. Listed below are the access tones for use during emergency situations when other communications systems fail. **The following information should be programmed for hospitals located in your area:**

LICENSEE	COUNTY	CODE	CALL SIGN
SPRINGHILL MEMORIAL HOSPITAL	MOBILE	210.7	WQOL212
