

PPS™

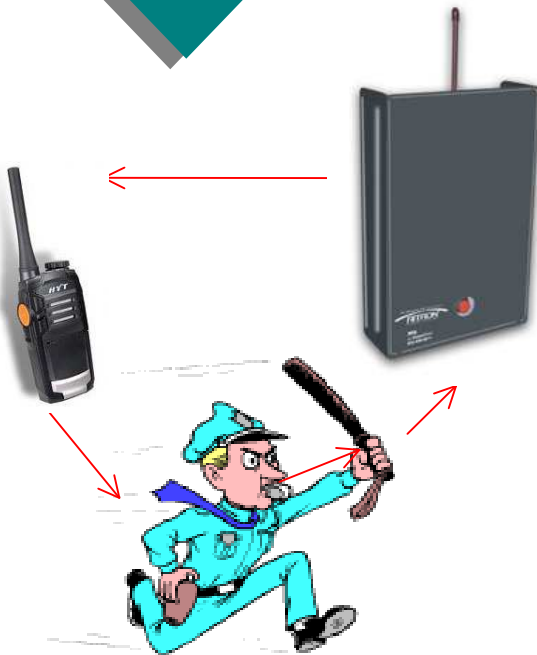

Personal Protection System

An affordable, efficient, and reliable wireless emergency calling system!

The all new **PPS Personal Protection System** provides a simple and affordable wireless calling unit that can be used by clerks, judges and administrative officials, to call for help at the push of a button!

The battery powered PPS sending unit (at the left) requires no installation or even AC power. The calls for assistance are broadcast directly to all police VHF or UHF radios with no operator required!

Each PPS sending unit has a one time cost of just \$795 or \$995 with an associated 2-way communicator. Additional information available at www.info4u.us/HelpAlert.pdf.

Made in the USA!

- Compatible with VHF or UHF Radio systems!
- Provides voice notification at the push of a button!
- No wiring or installation required!
- Alabama Administrative Office of Courts (AOC) approved!
- One year direct exchange warranty on PPS and/or 2-way radio)
- No monthly charges!
- Great for any business that handles cash as well as municipal offices, churches, and schools!
