

Falcon Direct

PT-X5 and PT-Pro provide real time vehicle tracking with no activation, no contract, no wiring and no antenna required!

No antenna, no wiring, no contract and no waiting!

PT-Trackers

Bad guys don't play by the rules. That's why we offer the PT-X5 and the *PT-Pro* for the special needs of narcotics officers

Used by agencies nationwide, the PT-X5 can be placed inside suspect vehicles or packages. The compact single piece, rechargeable battery operated PT-X5 will record up to 14 hours of driving time (about a week of average driving).

The PT-Pro is enclosed in a weatherproof Pelican case with an 80 pound magnet. *PT-Pro* can be placed anywhere in, on, or under a vehicle. The PT-Pro is completely weatherproof and it can record up to 75 hours of DRIVING time. The Department of Homeland Security (DHS) reports average tracking times of up to 56 days!

Both the PT-X5 and the PT-Pro update travel activity every 10 seconds and you can have unlimited geo-fences!

PT-X5 and PT-Pro track vehicle movement in real time with 10 second updates when the vehicle is on the move!

User Guide available at www.info4u.us/PTX5.pdf

Covert Tracking.....

is simple, efficient and affordable with the introduction of the PT-Tracker Series from Falcon Direct and US Fleet Tracking! Especially designed for the unique needs of narcotics officers, the PT-Tracker is also adaptable for administrative applications.

The difference in the PT-Tracker and other vehicle/property tracking systems can be summed up in two words – simplicity and affordability. Both models of the PT-Tracker are completely self contained with no external antenna or wiring required.

With prices starting at under \$1,000 for the PT-X5 (\$995) and under \$1,200 for the PT-Pro (\$1,195) including activation and nationwide coverage over the Verizon data network; no one else even comes close either in terms of cost or coverage. Speaking of cost, if your patrol vehicles have aircard equipped PC's, we have a covert software program that allows you to monitor activity with or without the knowledge of the driver. The cost is just \$575 including setup fee and three years of network support, web portal access, and 24/7 customer service.

Want to see how the PT-X5 works?

Go to www.usfleettracking.com

Go to the top of the page and click on *Manuals*, then click on *PT-X5 User Guide*

Print the user Guide, read, and retain

Login by clicking on My Account in the upper right hand side of your screen

Enter the User ID of *SDR* and the password of *Plus*, then click the Login button

You may see several units. One is called *Here's Burch*, which stays in my vehicle. Others are demo units. Sometimes these units are in my car. Sometimes they are on demonstration by a prospective user. You can track activity on either unit, set up a Geo Fence to be notified when either unit moves, or print out a stop report by following the instructions your downloaded from the Manuals section.

If you need additional assistance, or if you would like to talk to an existing user, just give us a call at 205.854.2611. That's what we're here for – Serving YOU!
