

It's better to be a giver than a getter!

**Want to do a nice thing for a kid?
How about a whole school including
faculty and staff?**

**Let us tell you about the
*SafeSchool Program!***

The key to improved school safety is instant communications to call for help when needed, to initiate rapid lockdown procedures, accelerate response by school emergency team leaders and coordinate with participating local law enforcement agencies!

We have developed a special program called *Safe-Schools.US*. You can learn more about it at <http://SafeSchoolsUS.blogspot.com>. For now, let us just say that for less than \$300, your Business, Church, Civic Club, Professional Organization, PTO, or Individual Contribution can help make a school safer.

Do something nice today! Think about helping those that can't help themselves. Give us a call for more information. You'll be glad you did!
