You asked for it!
You said you wanted a
radio you could hear!

Here it is – the TC-700!
It's twice as loud as most
other radios and it tells you
when you change channels!

The TC-700 has all the features you want at the price you want to pay. Want to know how it stacks up against other radios in the same price range? Check out the specs at <http://www.info4u.us/TC-700.pdf> and compare them to ANY radio costing less than \$400. Nobody else even comes close in terms of features, functionality, or performance. Better yet, we invite you to try one. Details are available at www.falcondirect.com/hyt/products.

The regular price on the TC-700 is \$349. For a limited time, we will allow a \$100 trade in allowance for anything that even resembles a radio. Your net cost will be just \$249. And if you don't have a trade in radio, give us a call at 800.489.2611. We'll work something out!

Give the TC-700 a try. You'll be impressed!
