

Falcon Direct

PT-X5 and PT-Pro provide real time vehicle tracking with no activation, no contract, no wiring and no antenna required!

No antenna, no wiring, no contract and no waiting!

PT-Trackers

Bad guys don't play by the rules. That's why we offer the PT-X5 and the *PT-Pro* for the special needs of narcotics officers

Used by agencies nationwide, the PT-X5 can be placed inside suspect vehicles or packages. The compact single piece, rechargeable battery operated PT-X5 will record up to 14 hours of driving time (about a week of average driving).

The PT-Pro is enclosed in a weatherproof Pelican case with an 80 pound magnet. *PT-Pro* can be placed anywhere in, on, or under a vehicle. The PT-Pro is completely weatherproof and it can record up to 75 hours of DRIVING time. The Department of Homeland Security (DHS) reports average tracking times of up to 56 days!

Both the PT-X5 and the PT-Pro update travel activity every 10 seconds!

PT-X5 and PT-Pro track vehicle movement in real time with 10 second updates when the vehicle is on the move!
