

Navman OCD Plus Fleet Administration System

OCD Plus gives more productivity for
CCTV & Telco install and service
vehicles for about \$2 daily per vehicle

from Falcon Direct, Inc.

Locates – Routes – Communicates - Reports

Our new Navman OCD Plus system is simple, efficient, and affordable with coverage and capabilities that cannot be equalled by 2-way radio or cell phones.

OCD Plus advances the capabilities of the original One Call Dispatch system to give you more productivity, fewer complaints and more profit!

Monitor fleet activity from any Internet connected PC with daily reporting of all stops, speed, and route deviations.

Route service personnel with instant routing instructions. Go to [www.info4u.us/Navman for CCTV.pdf](http://www.info4u.us/Navman%20for%20CCTV.pdf) for more information on the Navman Plus System. If doesn't cost – It pays!

OCD Plus is easy to use. Prove it for yourself by going to www.navmansystems.com and following the instructions to locate Burch's vehicle 24/7.
