

Correctional Facility Products by FalconDirect

Cell phone Detector

The model 610 cell phone detector can let you know when an unauthorized cell phone is in use, even tell you the location of the phone with our optional tracking capability. The price is right - just \$765 for the basic model! Additional information is available on line on our special Internet web site at www.falcon4u.com/610. Like to see one? Give us a call at 1.800.489.2611 to arrange for a demonstration without charge or obligation. Your satisfaction is guaranteed!

DTR Digital Communicator

DTR Communicators can be used within the facility to provide emergency distress notification at the push of a button. The users ID is instantly sent to other units to initiate lockdown protocols. Voice message capability is also included for use as a wireless Intercom. Digital calls cannot be monitored by scanners or other radios. There are no monthly airtime fees. Call 800.489.2611 for pricing. More information available at www.falcondirect.com/DTR.

Body Orifice Security Scanner

People can put razor blades and other weapons in some very strange places! Our Body Orifice Security Scanner (BOSS) can help you find all types of metallic weapons in upper or lower body cavities with a strip search! The price is only \$9,990. Additional information is available on line at www.info4u.us/boss. Check it out. This unique product can make your job a WHOLE (pun intended) easier!

SLX Personal Alerting Radio

SLX radios are available in either VHF or UHF models. Emergency calls can be initiated at the push of a button. This sends an alert code to all other SLX units and initiates an automatic *listen in* capability. Other SLX radios can also initiate a remote *listen in* activation as desired. Voice encryption is a standard feature. Your price is only \$249. More information is available on the Internet at www.usa-radio1.com/prices/slx.

Contraband Detector

Want to know what's coming in or going out of your facility? A contraband scanning detector can provide some very revealing information. The cost of only \$4,990 makes it affordable for virtually every correctional facility. Get the whole story on line at www.info4u.us/scan or click on the picture on the left. What you don't know CAN hurt you and others!

Photo ID System

Photo ID systems are used in virtually every facility requiring security including schools, military installations, even offices. These simple and affordable systems can help correctional officers separate the good guys from the bad guys for better control and safety. The price is right - just \$995 for a complete system. More info is available at www.info4u.us/id.
