Our Z-Call Series.....

desktop radio is perfect for office use. Technically, it's called the BlackBox desktop radio and it is ideal for fixed station use in churches, hospitals, and schools! This tiny communicator requires no batteries or external antenna. Just plug it into an AC outlet and you are ready to talk! You don't even need a microphone - it's built right into this compact calculator sized desktop communicator! Additional information is available in the *Specifications* on the left. Want to try one? Just give drop us an email to ServingU@falcondirect.com or call 800.489.2611.
